Cybring Cyber security Awareness Training

Foundational Awareness: Basic principles of cybersecurity for all users

This training equips employees with essential skills to protect against security threats, mitigate risks of breaches from ransomware to scamming and cultivate a robust cybersecurity culture. It empowers employees to recognize and respond to threats, strengthens compliance efforts, enhances risk management practices, and safeguards data and confidential information.

NIST
National Institute of Standards and Technology

ONLINE COURSE

Self-Paced 12 modules Learn all from Anywhere, Anytime

Course Fees: **RM 350 (Included SST)**
